

- > Are you working on a Resume, CV, Fellowship Application, or Personal Statement?
- > Want to hear about summer research fellowship opportunities at Pitt and Beyond?

We are holding a workshop the first week of classes on Friday, Jan 11 at 2pm in Langley A221 on this topic!

We will be discussing what someone is looking for when they are reading your application and common mistakes applicants make. On hand will be staff from Career Development, and Biological Sciences Faculty and Academic Advisors. Please bring a draft of your CV/Resume and Personal Statement to work on. Or, if you are still in the brainstorming stage just bring a blank notebook or laptop!

Schedule:

2:00pm Research Presentations by current undergraduates - Langley 221

3:00pm Snack Break - Langley 221

3:15pm Overview of Resumes, CVs, Personal Statements - Langley 221

3:30pm Workshop time - Langley 219B, 219A

COME TO SOME OR ALL!!!!

*** While this workshop is geared towards individuals interested in biology research options, many of the principles discussed will apply to other graduate school and career goals.***
