

Shopping Cart Issue - Fall Enrollment

March 22, 2013

QUICK NOTES:

(1) Some 5-digit Class Numbers in the A&S Course Descriptions webpage do not match with the (more current) PeopleSoft numbers you see in Class Search.

Double-check your shopping cart against the current PeopleSoft listings to be sure you have the right Class Number for the time and instructor you want.

(2) BIOSC 1855 Microbiology Lab, BIOSC 1010 Writing in Bio.

— some 5-digit class numbers for these courses changed while finalizing the Fall Schedule.

Double-check your shopping cart against the current PeopleSoft listing to be sure you have the right number for the time and instructor you want.
